

COFFIN SPECIFICATIONS

Saturday, Oct. 28, 2017

11:00 a.m.

Check-in

11:00 – 11:30 a.m.

Tech inspection and pre-judging

11:30 – 2 p.m.

Races underway!

All Coffins must meet the following specifications. Coffins will be inspected prior to the race. Coffins not meeting specifications will be disqualified at time of inspection, or designated for an open run. *Got a coffin from last year that doesn't meet the specs? Bring it anyway, and enter in the open category.*

- 1) Size -minimum 2 feet wide by 4 feet long. Size - maximum: 3 feet, 10 inches wide (46 inches), **INCLUDING HANDLES**, by 8 feet long *There is no minimum or maximum height specification for the coffin or handles.* Each Coffin must have four firmly attached wheels so that the Coffin will roll on all four wheels when propelled down the race course. Wheels are not to exceed six inches in diameter, including tires. Wheels must be within the overall dimensions of the Coffin. Casters may be used. For safety and steering ability, wheels may rotate or swivel.
- 2) Ropes to pull Coffins are not permitted. Four handles must be securely attached to Coffin. A push bar on the front & Rear of the Coffin, instead of two handles, is permitted.
- 3) Functional steering mechanisms are prohibited.
- 4) Decorative projections are allowed (encouraged!) not to exceed the maximum width and length of the Coffin. There is no height limit to decorations.
- 5) All Coffin riders must wear a helmet. Protective gear for runners is recommended but not required.
- 6) Registration must be visible on front of Coffin.

SAFETY IS IMPERATIVE

Coffin race officials may disqualify any Coffin if they feel it is dangerous
